

REVOLUTION IN GUATAMALA OUSTS PRESIDENT

New Royston Company Formed By San Francisco Capital

COAST MEN ENTHUSED OVER PROSPECTS AT NEW SILVER ELDERADO

A mining transaction of no small magnitude has been completed in Royston with the acquisition by M. H. Cooper, of San Francisco, and other large Pacific coast capitalists of the excellent property owned by the Putnam and W. L. McGregor. The claims which comprise the holdings of the new owners, and which have been incorporated into a new company, lie about 1200 feet north and west of the celebrated Betts lease, with several veins of the white metal running through them.

Mr. Cooper is a shrewd investor of unusual foresight, who has been spending a week in Tonopah looking over the mining situation. His attention was immediately drawn to the new high grade camp, and he was not slow in appreciating the wonderful future which the camp will enjoy.

The San Francisco investor has already incorporated, with his associates, the Royston Piedmont Mining company, of which two of the incorporators are mining engineers of more than ordinary ability. Ac-

MAIL TO BE DISTRIBUTED ON SUNDAYS

A telegram has been received by Harry McNamara from Congressman Samuel S. Arentz, stating that he has been informed by the Postmaster General that the Sunday mail distribution to boxes in the postoffice will be restored. A letter to that effect was sent to postmaster J. J. McQuillen yesterday and the service which has been discontinued for past months will be again in effect.

Considerable correspondence has passed back and forth between Tonopah and Washington since the service at the Tonopah postoffice was curtailed and we are glad to see that the efforts that have been made by residents of the city are being rewarded.

During the time that there was no Sunday train service from Mina to the county seat, there was a reasonable excuse for the discontinuance of the Sunday distribution, but now that that service has been restored it should have followed immediately that the mail arriving on the Sunday trains was to have been sorted to the boxes at the postoffice.

It is gratifying to know that Tonopah will once more have its seven day mail service.

SHERIFF GOES AFTER ROBBER SUSPECTS

(By Associated Press)
SAN FRANCISCO, Dec. 7.—Sheriff Locot, of Amador county, is expected here today to question Frank Lynch and Hiram E. Baker, arrested in this city yesterday in connection of the robbery of \$60,000 in gold amalgam from the Argonaut mine at Jackson last week. Officials later recovered \$30,000 worth of the amalgam.

DISBARMENT ASKED FOR COAST ATTORNEY

SAN FRANCISCO, Dec. 7.—A petition asking that disbarment proceedings be instituted against L. O. McArthur, the San Francisco attorney, on the charge that he accepted \$2,000 from clients, supposedly to influence the state commissioner of corporations, was placed in the

DEATH TAKES PROMINENT BANKING MAN

The many friends of Harry H. Hudson, trusted employee of the Tonopah Banking corporation, were shocked to hear of his death which occurred at 5 o'clock this morning. The deceased had been a sufferer for years but was taken seriously ill only about three weeks ago, and it was expected that the illness was of but a temporary character. Tuberculosis is given as the cause of his death.

Hudson, who was about 50 years of age, was a registered pharmacist by profession, practicing his trade in Colorado and later in Nevada. He was a graduate of the University of Michigan school of pharmacy, where in June 28, 1894, he received his degree as pharmaceutical chemist.

He came to Goldfield in the early days of that camp where he worked in a number of drug stores until 1907, at which time he accepted a position with the banking house of John S. Cook, where he held a responsible position as stock registrar. In 1915 on account of his ill health, Hudson returned to Colorado, remaining there until 1919 when the lure of the sage brush brought him back to Nevada. He accepted a position with the Tonopah Banking Corporation which place he held at his death.

The deceased has one brother, Edward, D. Hudson, residing in Peoria, Illinois, and two cousins, C. H. and William Bunn, living in New York City. These relatives have been notified and until they have been heard from the funeral and interment arrangements will be postponed.

Hudson was a member of Colorado Springs Lodge, No. 309, B. P. O. Elks and took a very active part in the entertainment programs of that lodge. Unless word is heard from his relatives to the contrary the funeral will be held here on Friday under the auspices of the local lodge of Elks.

MINING MAN PAYS VISIT TO ROYSTON

W. A. Sanger, who is heavily interested in the Argente district, and who sold the Sanger property to the Watterson Brothers of Bishop, California, for a consideration of \$250,000, accompanied by Frank Taylor, the superintendent of the that property, paid a visit to the new camp of Royston on Monday where they spent the day looking over the many properties that are undergoing development with such satisfactory results.

Both are highly impressed over the mineral possibilities and stated that they had never before seen a district that contained such a veritable network of veins, although they declined to comment on the possibilities of the ore veins being persistent. This was the first visit of Mr. Sanger to the camp, although Mr. Taylor has been there on previous occasions.

hands of the grievance committee, of the San Francisco Bar association today. The petition was framed by Corporation Commissioner Bellows. Approximately 3,400 interned persons were affected by the release order which relates to all persons under internment as distinguished from those who have been tried and convicted. It was stated by the Irish

SERVICES NOT WANTED; WILL RETURN HOME

(By Associated Press)
NEW YORK, Dec. 7.—Dr. Adolph Lorenz, the famous Austrian surgeon, announced that in view of the opposition to his professional activities in this country from our medical profession, he would discontinue any further free clinics and return to Vienna as soon as possible.

TWO POLICE KILLED IN LOS ANGELES

(By Associated Press)
LOS ANGELES, Dec. 7.—The entire day force of the Los Angeles police department went on duty today with instructions to apprehend, if possible, three men, purported bandits, who shot and killed patrolmen William L. Brett and Harry Clester, in a pistol fight in the Boyle Heights section late last night. Both officers were on patrol duty in an automobile when they accosted another automobile standing at the street curb, in which three men were sitting. One man started to run away, and shooting by both sides ensued. Brett was killed instantly. Clester died in a hospital a short time after. One bandit is believed to be wounded.

DUE CREDIT IS GIVEN TO PREMIER

(By Associated Press)
ALBANY, N. Y., Dec. 7.—Former Governor Martin H. Glynn, of New York, through whom Lloyd George invited DeValera to the negotiations that finally led to an agreement for the settlement of the Irish question, said the world owed Lloyd George a debt of gratitude. "Lloyd George has settled a problem that has baffled statesmen for seven hundred years," said Glynn. "In all justice to the Irish leaders, it must be admitted the DeValera, Collins and Griffith have placed themselves among the clever statesmen of the world."

KING FREES POLITICAL PRISONERS

(By Associated Press)
LONDON, Dec. 7.—King George today issued a proclamation releasing all political prisoners who have been interned in Ireland.

COAST LEAGUE PLAYER BRINGS RECORD PRICE

(By Associated Press)
BUFFALO, Dec. 7.—James O'Connell, San Francisco Coast League 1st baseman, was bought today by manager McGraw of the New York Giants, for \$75,000, said to be the highest figure ever paid for a player from a minor league.

BIG THREE AGREE ON PROPOSALS

(By Associated Press)
WASHINGTON, Dec. 7.—A tentative proposal for an agreement between the United States and other powers to replace the Anglo-Japanese alliance has been forwarded to London as well as Tokio, as the result of the latest meeting of the arms conference "Big Three."

Official confirmation that the suggestion for a new international concert had taken definite form was given by the British. Details were not revealed but an authorized British spokesman said that "certain suggestions were formulated and sent to London" after the conference last week between Hughes, Balfour and Kato. The British spokesman said it might fairly be inferred that if the proposals should find general acceptance they would have the effect of terminating the Anglo-Japanese alliance for which there would be no further use.

PRESIDENT MAY VISIT CALIFORNIA

(By Associated Press)
SACRAMENTO, Dec. 7.—If Congress ends in June, President Harding will make a trip to the coast, touring California and then go to Alaska, according to Senator Hiram Johnson here, who is at home in San Francisco for the holidays. Johnson praised the work of Hughes at the conference.

TERKLA FOUND GUILTY ON SECOND COUNT

The jury in the case of John Terkla, charged of violating the Volstead Act, found him guilty last evening on the second count of having liquor in his soft drink parlor on Main street. The evidence showed a meeting was held in the district attorney's office and H. C. Offertman and Sheridan Ross were to enter Terkla's place, call for a drink and when in the act of imbibing Chief of Police Cochran and Chief Deputy Sheriff N. L. Schade were to enter and make the arrest. The program was carried out, but the liquor in the glasses was spilled. On search two bottles were found on the premises containing 50 per cent alcohol. Sentence will be passed next Friday afternoon.

INJUNCTION IS SECURED BY BREWERY

(By Associated Press)
ST. LOUIS, Dec. 7.—A temporary injunction, restraining prohibition officers from destroying beer made under a permit issued by the government for the manufacture of beer for medical purposes, has been granted to the Falstaff corporation, a local brewery, by the United States District Court. The injunction is a preliminary order to the application of the brewery attacking the legality of the anti-beer bill.

HERRERA ARRESTED AND DOZEN KILLED IN VERY SERIOUS RIOTS

PRICES ARE INCREASING FOR LEASES

The Major lease mining claim in the south end of the Royston district, which is owned by Albert Stoen and H. A. Fink, has been taken under option by Wes Watson, the consideration calling for \$5,000 payable within 60 days. This property is surrounded by a number of promising locations, but is the key to the situation in the development of three different groups of claims that are owned by other parties. Mr. Watson expects to complete negotiations for the consolidation of the Major with one of the groups of claims above mentioned, and is now in correspondence with a prominent Los Angeles and Salt Lake broker regarding the taking over of the property.

The Major is credited with having produced about 10,000 several years ago from a shaft that was sunk to a depth of 30 feet. The ore vein almost from surface showed a width of two feet, but the values are principally in silver and copper with an average value of \$33 a ton. The vein runs east and west and exploration consists of three shafts from 20 to 40 feet in depth, with a number of open cuts.

Plans are under way for the inauguration of an active campaign of development, which will be under the direction of Mr. Watson, who is one of the pioneer prospectors of southern Nevada.

BUCKEYE TO RECEIVE NEW TRANSFORMERS

Leslie Balliet, consulting engineer for the Buckeye Mining company who has been in San Francisco for the past month, has ordered three new transformers as well as some new drills and other supplies, which will shortly be delivered at the seat of operations. This will necessitate the use of additional power, and it should not be a great while now until the Buckeye will be the scene of great activity.

During his recent visit to the east, and previous to his departure for the coast to make purchases of needed machinery and other supplies, Mr. Balliet made provision for the financing of the Buckeye company in a way that will insure continued development for a long period.

BIG LOSS OF LIFE IN HURRICANE

(By Associated Press)
ST. JOHNS, New Foundland, Dec. 7.—Northwest hurricane yesterday caused the loss of 11 lives in Conception Bay when the schooner Pastosport sank. A big loss of life is indicated.

(By Associated Press)
WASHINGTON, Dec. 7.—Carlos Herrera, whose government was overthrown in Guatemala in a revolution which began last Monday night, was reported in advices to the American officials here to be a prisoner in his residence. The members of the Herrera cabinet, advices said, were being held in the military prison. About a dozen persons were killed in the revolution, official advices said, and many were arrested, persons here in close touch with Guatemala, but outside of official circles, said the revolt was no surprise to them as the Liberal Party, which is believed here to have brought about the revolution, has long been opposed to the Herrera government, particularly in its action of adopting the pact by which Guatemala entered the recently created Central American Federation.

MELLON SENDS ANNUAL REPORT TO CONGRESS

(By Associated Press)
WASHINGTON, Dec. 7.—Further revision of the tax laws, with a reduction of the maximum increase in rates from 10 to 20 per cent, and adjustment of the rates on business profits and estates, as suggested by Senator Mellon, in his first annual report transmitted today to Congress.

The treasurer's report also recommends that the treasury policy with respect to disbursement of the public debt be continued, and suggests prompt funding of the redemption of bonds of foreign loans as one of the stabilizing needs of the present economic situation.

Mr. Mellon's report states that he expects within the next 18 months of \$2,500,000 of the anticipated deficit. "Under the impression that the government pursues a policy of the utmost economy and avoid any undertakings that would burden the treasury and embarrass the funding operations" with respect to the floating debt.
